

# Agenda for Subject Area Team Games meeting

2 February 2021 at 15.00 via Zoom

## Participants

- Martin Pichlmair
- Paolo Burelli
- Søren Sønderskov Hansen
- Lani Susan Alayne Huskey
- Annamaya Halskov-Jensen
- Hajo Backe

## Absent

- Mads Kjeldgaard Caspersen

## Agenda

### 1. Approval of agenda

The agenda was approved.

### 2. Approval of minutes from meeting 10 December 2020

The minutes was approved.

### 3. Information

- Study Board – No information as there was no Study Board meeting in January.
- Events – We will do a Town Hall Meeting (orientation meeting about the new semester) February 23. Martin will send out invitations to all Games students.  
It is in the works to get a Community Manager who will arrange social life for students.
- Students – There have been some complaints about a changed exam with only one weeks' notice. Annamaya is in contact with SAP about it.

### 4. Election of new members of the Study Board

Martin and Annamaya was chosen as representatives from Games.

### 5. SAT Meetings in the Spring

We will meet every Tuesday before the Study Board meeting at 2pm. Søren will send out the invitations.

### 6. Overview of credit transfers from October 2020 – January 2021

The SAT agreed on the credit transfers given.

### 7. Discussion on the Study Environment Assessment

In general, Games is doing very good. The main takeaway is that students are having issues formulating what they are learning. There is a big fear on how to find a job after ended studies. Now it is even a bigger challenge due to COVID-19 situation which is making networking more difficult. That topic will be discussed on the Employers' Panel meeting February 4. There is currently a vision statement for the program in the works to help students formulate better what they have learned.

The assessment also shows a high number of aggression in communication between students. Annamaya and Lani cannot recognize that though they have heard a rumor about group issues. They will try to reach out to students to see if they can get some response on what the situation is and remind everybody to

reach out if they are having trouble

#### 8. Discussion on student inputs to the new ITU-strategy

Lani and Annamaya created a form to get input, but they did not get anything back from other students. Lani herself thinks there is an issue with the point about bringing more women into ITU. This strategy can create a stigma about women are only at ITU to filling quotas. There should be a focus on that we rather want women to apply.

#### 13. AOB

We will talk about the tech track and the Data Mining course at the next SAT meeting.
