

## Meeting SAT CS 02-12-2025

If no comments to the minutes received within the 10 working days period. Minutes are approved.

### Present:

- Therese Graversen (HoP BDS)
- Louise Meier Carlsen (Co-HoP BSWU)
- Luca Maria Aiello (HoP KDS)
- Martin Aumüller (HoP KSD)
- Malthe Rødsgaard Pabst Lauridsen (KDS)
- Wiktor Pedrycz (BDS)
- Allette Bjørn Bundgaard (ProCoor SWU/CS)
- Marc Kellaway (ProCoor SD)
- Mette Holm Smith (ProCoor BDS/KDS, Secretary SAT CS)

### Absent:

- Dan Witzner Hansen (HoP BSWU)
- Marco Carbone (HoP KCS)
- Michele Coscia (Co-HoP KDS)
- Patrick Bahr (HoP KSD)
- Omid Sabihi Marfavi (KCS)
- David Martin Sørensen (KCS)

### Minutes:

#### 1. Approval of agenda

Approved. Item three will be postponed to one of the first meetings in 2026 and we will invite David to join to finish the item.

#### 2. Approval of minutes from meeting 4 November 2025

No comments to the minutes received within the 10 working days period. Minutes approved.

#### 3. Student-teacher relation

Discussion and decision about concrete suggestions about better relation between students and lecturers. See appendix: Suggestion from David and Marco.

David, who has run the item with Louise, was not present and Marco who had proposed a revised version of the concrete suggestions David had drafted was not present either. SAT CS suggests inviting David to join even if he is no longer part of SAT CS to conclude the item and decide how to communicate it to teachers and students.

#### 4. Information from SAT Members (15 minutes)

Nothing to report.

## 5. AOB:

### *Thank you!*

This is the last SAT CS meeting in 2025 – thank you to all members especially the student representatives who have provided valuable feedback from peers and raised relevant items across CS programmes for SAT CS to discuss.

### *Meeting structure*

General feedback about SAT CS meetings from the student representatives:

SAT CS should mainly discuss items that are relevant across all CS programmes and not programme specific things which for other representatives are a waste of time.

SAT CS should consider restructuring and have fewer but longer meetings with items across programmes. But also plan programme specific meetings to discuss programme items.

SAT agreed at the beginning of the year to discuss the cross items in SAT and talk about the specific items between HoP and students from the same programme.

Spring 2026 meetings: As a pilot SAT CS will meet less often but longer in relation to the annual wheel of education. Study programme reports, evaluations etc.

### *Generative AI discussion*

Some students are claiming that ITU have a reputation of not being on time with generative AI in teaching.

HoPs are wondering whether it is the students' experience that ITU is lacking behind?

It is not the experience that ITU is old fashion or lacking behind.

The DS students have not experienced GenAI as banned in courses. In relation to exams and as a student you experience some grey areas around exams, and you must consider how to use GenAI and remember to clarify how it was used.

### *What about during courses?*

Used it as a tool during courses and did not miss it being taught.

With the DS background we are probably also more into the use of GenAI.

Maybe allowing more AI throughout the courses – where can it fill out processes in future work life.

### *New chair for SAT CS in 2026.*

Luca is stepping down as unformal chair. A new chair should be found at the first meeting.

MSc CS HoP Marco is the HoP representative in Board of Studies in spring 2026.
