

Minutes from Subject Area Team Games meeting

21 April 2022 at 13-14

Participants

- Martin Pichlmair (absent)
- Paolo Burelli (absent)
- Hanna Wirman
- Hajo Backe (absent)
- Eva Steensig Hauerslev
- Trine Møller
- Lior Maynard
- Peter Bech Astrup

Agenda

1. Approval of agenda

Approved.

2. Information

Study Board

- Nothing to discuss

Events

- Career guidance event today
- ITU is part of The Nordic Alliance for Sustainability in Gaming which was founded last year (<https://nasg.tlu.ee/>).
 - We are currently seeking students at partner universities to take part in NordEcoJam 2022: a combined 5-day seminar and game jam dedicated to issues of environmental and cultural sustainability. The event will take place at Tallinn University in Tallinn, Estonia on June 13–17, 2022. Nordic Game Conference in 17-20 May, Malmö
 - Contact Hanna for more information
- Nordic Game Jam late April at AAU in Copenhagen
- Summer Games should happen in June but has not been organised yet, but planning will start soon

Students

- Students are busy with exams. There are a lot of group work and projects to do in this semester.
 - Remember not to have too high standards for what you do
 - Are you experiencing the good stress or the stress that affects you negatively?
 - It is hard to say – it might be very different from group to group. But group work does ask a lot from the individual and can create extra stress.
 - Do send students to the Study and Career Guidance if you hear from students, who are too stressed out.
 - The online classes help some students a lot but for others it might be better to ‘force’ them to class. Online classes can lead to social isolation.

- Maybe we should reconsider how much group work there is in the 2nd semester?
 - This is not something new – we have discussed this before. But it does not mean that there is not a problem anymore. Hanna, Martin, and Eva will look into it again.

Study Career and Guidance

- Special focus on exams coming up – SOME campaign etc.
- Career workshops running now. For different reasons the workshops have been delayed – they will be earlier in the semester next year.

3. Update on the labs

There is a concern of the security with the items – we are making more expensive purchases. We should find a solution for this.

Visual identity work is going on – logo, online presence etc. Hanna will apply for more funding for this. The TA's have great ideas.

13. AOB

Nothing for this item.
