Minutes:

1. Approval of agenda

Since none of the VIP people could make it today (due to illness or other meetings) the SAT meeting mostly took shape as an informal welcome to the new student representatives and a goodbye to the old representatives.

2. Welcome new SAT student representatives!

- Thanks for now to our student representatives for 2025 Enrico and Kristóf!
- Nicholas and Krystof are the new student representatives for 2026. Welcome to SAT GAMES!

3. Timeslot for spring meetings

- Looking into the schedules of everyone, the following seems to be possible timeslots:
 - Monday afternoon (13-14:30 or 14-15:30)
 - Tuesday afternoon (13-14:30 or 14-15:30)
 - Wednesday morning (10-11:30)
- There was a preference among the students for afternoon + meetings not too late in the week, so we'll go either Mondays or Tuesdays.
- Marc will send out a Doodle by email soon – and decide on the timeslot, if it is a tie.

4. Status TAGs

- Rune has gotten applications from 12 game projects and will have to choose 4-6 together with Miguel and Hajo.
- We are not too happy about the new procedure and will try to raise this to TAGS going ahead.

5. Information

HoSP & ProCoor

- Ok number of registrations for the new courses Procedural Content Generation for Games and Writing for Games (but not to a degree, that it should impact Game World Design too much.)

Students

- All quiet. People are stressed with the exams, but not too stressed.
- Feedback from 1st year students:
 - It would have been nice to have more space between the two weekly timeslots for Making Games (i.e. Monday – Thursday instead of Tuesday – Thursday.) Marc has made a note of this for the next scheduling.
 - Guest Lectures for Making Games has been great, but very design oriented, so it would have been nice to have something for the Tech Track people also.

Study Board

- Krystof and Nicholas will decide on who should represent SAT GAMES in BoS before next meeting.

6. AOB

- Some students have forgotten to register for their thesis.
 - Marc: This should be no big issue though, as they can just register in the late registration period weeks 4 and 5.
