### Minutes:

#### 1. Approval of agenda

*The agenda was approved.*

#### 2. Information

##### HoP & ProCoor

- Rune not here today as he is participating in DADIU meeting while Miguel is on vacation.
- We have received the Timeline for the ITU internal teaching award. SAT GAMES will be asked to make a shortlist at the next meeting May 19. Marc will share the time-line together with the minutes.
- We are trying something new for the admission process this year by not keeping the assessment of the applicants for the two track as separate processes. All reviewers from the programme will read samples for both tracks with the goal of trying to agree on a profile for the programme overall.

##### Students

- No big news. Career week went well. Good to have more industry related representation.

##### Study Board

- No news

##### Events

- The portfolio workshop will take place April 29. Rune will send out an invitation with a sign-up form soon. We will need student volunteers to help with the event.
- A lot of GAMES student went to the Nordic Game Jam
  - Hajo: I was there to give a guest talk and did a lot of portfolio reviews. There was tons of ITU GAMES graduates. Did people from the current cohort go there primarily to have fun, or also for the networking opportunities?
  - Krystof: My guess they mostly went for the game jam.
- Playing Futures conference May 21-22 organised by Miguel. Info here: <https://playingfutures.today/> An announcement on the Discord will probably come soon.
