USING THE PROJECTOR

Please have patience when operating the projector.

It takes some time for it to respond to buttons being pressed.

1. Tap the screen to start. ▭

   HDMI or USB-c

2. Press on the appropriate display for your PC.

3. Press on the same audio output as display. 🔊

4. Microphone tab → Microphone control. 🎤

5. Light tab → Light control. 💡

6. Curtain tab → Curtain control. ⊞

7. USB Camera Control → Camera Control. 📷

8. Turn off the system, when done using it. Leave the room in the same condition as you want to receive it in. ⏻

Best Regard FM.
