

Minutes for Subject Area Team Games meeting

26 September 2022 at 11-12 in 5A05 or [Zoom](#)

Participants

- Martin Pichlmair
- Paolo Burelli
- Hanna Wirman
- Hajo Backe
- Eva Steensig Hauerslev
- Trine Møller
- Lior Maynard
- Peter Bech Astrup
- Rasmus Klintsø Christensen

Agenda

1. Approval of agenda

Agenda approved.

2. Information

- Study Board
 - Nothing to report
- Events
 - Thesis prep event today
- Students
 - DADIU students unsure of the exam at ITU
 - Martin will arrange a meeting for the students soon
 - Deep Learning course
 - The course is tough and have had issues of students not necessarily having the right competences. And it is not really working well yet.
 - The course has had a rocky start and the teachers do recognize this
 - It is half of the semester so it should have a rather big workload
 - We should reach out of the CM and talk about what the issues are and solve them as much as possible
 - Some changes have happened but maybe not yet enough?
 - Mandatory activity – maybe look at how this is used?
- Study Career and Guidance
 - Career week this week
 - Companies should know more about what Games students can do – work will be done for the next iteration

3. FM update

Hanna has had a meeting with the Head of FM. Among other things, the locking of 2F13 was discussed. The solution: FM should always communicate changes, and they will lock the room at 7pm so students have a

bit more time to hang out in the room, but cleaning also have access to clean it and make it ready for teaching next day.

Question: we lost a couple of meeting rooms this semester – are there other options? No, unfortunately those rooms have been lost.

Question: can we make use of the atrium in any way? No, it should not be possible – it is impossible to soundproof.

4. Find dates for the rest of the semester

The SAT meeting dates should be right before the BoS meetings.

- BoS: 11 October 10:00 - 11:30
 - SAT meeting: 10/10 at 16
- 4 November 12:45 - 14:00
 - Doodle
- 25 November 10:30 - 12:00
 - Doodle
- 13 December 10:00 - 11:30
 - No teaching in December so 12/12

13. AOB

Group exams vs. individual exams: there are situations where the group format just does not work and where an individual exam is needed, e.g., if a group splits up. There is a motion to work on this issue, it is recognized by faculty as well as SAP.

Unity: Paolo was asked if they could make an event and invite our students. Should it be official ITU or just their event? Could be a studio visit – company visits have been organised previously.
