

Examples on flow overview

In WISEflow your exam is a FLOW.

You can find a **flow overview** on the Participation tab.

The screenshot shows the 'Overview' page in WISEflow. At the top, there is a header with a person icon, the title 'Overview', and a subtitle 'This is the overview of the flows where you are enrolled as a participant'. A 'Participant Archive' button is visible in the top right. Below the header is a section titled 'Flows' with a subtitle 'Below, you can see the flows to which you are assigned. Flows can be individual tests, sequences and exams.' There are filters for 'Show only relevant flows', 'Status', and 'Filter flows'. The main content area lists four flows:
