

Agenda for SATBUSS, April 25th 2023

Attending: Irina Papazu, Oliver Krancher, Sebastian Butler, Jens Christian Felumb, Fie Crusell Pedersen, Liselotte Lagerstedt, Louise Klitgaard Torntoft, Anne Jensen (secretary to SATBUSS)

- **Approval of agenda**
 - Approved

- **Decision on ChatGPT for DIM**
 - DIM has decided to ban all use of Generative AI (i.e. ChatGPT) on courses with C-exams (submission exams) for Autumn 2023, unless it is stated otherwise on the course description. Courses with other types of exams will not have this ban.
 - Comment: How will the students be informed of this decision?
 - The course managers will present the rules for the course in the beginning of the semester and it will be stated in LearnIT.

- **News from Board of Studies**
 - Head of Board of Studies, Stine Gotved, will no longer be head of Board of Studies since her employment at ITU is coming to an end – Theodor Christian Kier will be Head of BoS until the next is elected.
 - Suggestion to improve the feedback on course evaluations. Among the members of the Board of Studies there were different experiences with how the evaluations are affecting the changes, or lack hereof, but the overall consensus was that there is a need to improve what is already being done.

A suggestion was made to have a written feedback, but it was not popular among the members of the Board of Studies.

 - Comment: Was there any alternatives to the suggestions that were presented but not approved at BoS?
 - No, unfortunately not.
 - Comment: Sometimes the changes do not take effect until one or two years after and that makes it hard for the students to experience a change has been made.

- Follow-up on delayed grades. This is an ongoing problem, but it is continued issue which the Board of Studies discusses every semester and try to find solutions to.

- **News from the programmes**
 - **GBI**
 - The revision project is still ongoing, but we have now reached the part where a draft for a new structure for the study programme has been sent to the research groups for discussion. Oliver and Anne are currently reading the Quota 2 motivational cover letters.
 - **DIM**

- The admission group at DIM is reading applications at the moment.
- **ILM**
 - Still a month left for applicants to apply for ILM and hopefully a lot more will still apply.
- **AOB**
 - Fie will represent SAT Business at the Board of Studies from next Board of Studies meeting and until the end of 2023.
