4. Course Evaluations fall 2018

Task:

Present and discuss the results for your study programme with the Subject Area Team. Distill action points and take the required action for items in relation to the first coming semester. Relevant results and action points should be registered as part of the SAT minutes or as a memo for next Study Programme Report.

5. Hearing of new Data Science MSc

Please find attached the programme design for a new MSc in Data Science. The programme design have been developed this autumn by a VIP working group chaired by Barbara Plank. Other members are Pinar Tözün, Natalie Schluter and Troels Bjerre Lund.

The working group and the MSc DS project would very much like to have your feedback and comments to the design before Christmas.

In the development process, we have consulted a group of relevant employers within the data science field and the CS faculty in general.

The programme design will be part of a pre-qualification application to the Ministry 1 February and if approved, the MSc programme will offered for the first time in autumn 2020.
