World Economy and the BRICs

European Economics

Digital Transformation

Change Management

Cultural Intelligence for Global Leaders

Intercultural Communication & Management

Supply Chain Management

Period studying abroad: semester (autumn/spring) autumn year 2025

If you wish to give advice to other students regarding your travels, please state your contact info here: _____

Your stay abroad

What was it like to study at the university (including choice of courses, academic level, social life at campus)?

The university is quite far away from Paris, depending on where you choose to live. Expect some transport to the school. The academic level is not as high as ITU, but you have a lot of group-work so you have many chances at meeting other students. Classes were often half French / half exchange students.

What was your initial motivation for going abroad and did your stay meet your expectations?

I wanted to meet people from different cultures and Essec is an excellent place to that with exchange summers from all across the world.

Please describe what you got out of your stay, both personally and academically, and how do you expect it to contribute to your further studies?

Personally, I can much easier see myself thrive and work in another country than Denmark down the road.

Academically the economy classes has given me the most usefulness from the courses I took. Arranging your stay

Please give a short description of the process of arranging your stay:

Takes a while to fill out the forms, but fine process.

How did you arrange practicalities such as accommodation?

Check out cité universitaire for accommodation. It's in the 14th arrendisenment.

Expenses and Financing

Please comment on expenses connected to your stay abroad

Paris is quite expensive so look for some grants or watch your savings dwindle. No, but Paris is an expensive city so be prepared for that.
