

Pre-approved courses at universities abroad in 2016

- Please note that we cannot guarantee that your courses will be approved as listed. Each application for approval must be documented as described in the Study Guide, and each application will be assessed individually.
- Please also note that the courses listed below is not listed so that the course at the host university is equivalent to the ITU course regarding ECTS weight. Therefore you might need to apply for more courses to cover the ITU course.
- You may also refer to to last years *“Pre-approved courses at universities abroad in 2015”* as an aid, but please note above stated information.
- Seeing as these list only serves the purpose of giving and idea of which courses it is possible to take and not which courses are approved, courses for **SWU** and **Games** are not listed here, due to previous students only having applied for exchange on Universities in Denmark.

GBI

University	Course at host university	Course at ITU	Year
