

1. Your evaluation

Your answers from the online survey are locked up and inaccessible until after the exam.

2. Supervisor's use of your evaluation

After the exam, your supervisor will scrutinise all survey results in order to understand whether the supervision process needs attention.

3. Follow-up

Management will follow-up with supervisors and the agreement may be consulted at that time.

4. New project

When supervising new projects, the supervisors take into account the evaluation outcome which can lead to changes.
