Application for an external supervisor

Apply if you are writing a project and your desired supervisor is not already employed at ITU. Please note that it is not possible for students to apply for external lecturers as supervisors for BSc projects, MSc theses and final projects (Master programme).

Supervisors cannot be external examiners at ITU in the same semester.

Supervisor information * required fields

study programme			
3. student's name		ITU-email	@itu.dk
study programme			

Motivation for supervisor

Write your motivation below. When reviewing your application, the IT University will assess whether or not it is possible to find a supervisor with equivalent academic qualifications who is already employed at the ITU.

Please email your application with attachments to sap@itu.dk and write "Application for an external supervisor" in the subject field. You must cc the desired supervisor and any other project group members.
